MEMORANDUM FOR: Deputy Director (Research
Deputy Director (Intelligence)

SUBJECT: Guidance for Planning
Photographic Reconnaissance of Cuba

1. On Thursday, 29 November, General Carter requested a draft of a National Security Council Executive Committee instruction on overflight of Cuba. A proposed draft submitted on the next morning had apparently not yet reached Mr. Bundy when his own draft came to the Director.

2.  CIA Committee on Overhead Reconnaissance Representative, and I have studied Mr. Bundy's draft and prepared a new draft incorporating ideas from our earlier proposal and Mr. Bundy's. This proposal and a copy of Mr. Bundy's draft (for reference) are attached.

Chairman
Committee on Overhead Reconnaissance
